**SUBJECT: DRAFT WATER QUALITY ENFORCEMENT POLICY**

Dear Ms. Stokell:

On behalf of the above clean water associations, we are writing to confirm that our associations will have the opportunity to submit written comments to the State Water Resources Control Board (Water Board) on the proposed revised Water Quality Enforcement Policy (WQEP) following the workshop on January 16, 2009. We appreciate your willingness to accommodate us, and plan to provide our comments to you no later than January 30, 2009.

The additional time will facilitate our careful review of the new draft, which includes far more detail with regard to the manner in which ACL amounts are to be calculated. The Water Board often establishes the deadline for written comments several weeks following the staff workshop, which we have found beneficial for both Water Board staff and the public. The workshops often serve to clarify and narrow issues for written comment.
